

HOUSE APPROVES
CANADIAN PACTPasses Measure by the Over-
whelming Vote of 265 to 89.

REJECTS ALL AMENDMENTS

Agreement Goes Through in Almost
Identical Form in Which It Passed
the Last House Session—Ten Demo-
crats Vote Against Bill and Major-
ity of Republicans Line Up in Op-
position—Fate at No Time in Doubt.

Washington, April 22.—President Taft's Canadian reciprocity agreement, supported by all but a handful of Democrats and opposed by a majority of the Republicans, passed the house of representatives by a vote of 265 to 89. With nearly two hundred Democrats in control and their action endorsed by a large body of the Republicans the bill to put the agreement in force was adopted with no amendments and in almost identical form in the last session of the preceding congress.

The bill seeks to put into effect the formal agreement reached between President Taft and members of the Canadian cabinet for a reduction of tariff rates on many articles and free trade in many others across the Canadian border. Added to it by the Democratic leaders is a section which "authorizes and requests" President Taft to make further efforts to secure still freer trade relations with Canada in the form of additional reciprocal relations.

All Amendments Rejected.

The passage of the bill marked the close of a fight that had raged in the house for six days. During that time the safety of the measure was at no time threatened; but the Democratic and Republican leaders working for its passage conceded all the opportunity desired by its opponents for debate and protest against it. Following the same policy amendments were admitted in the house for almost every section of the bill and in each case they were rejected by an overwhelming vote given by the friends of the measure on both sides of the house on the theory that any amendment would nullify it.

Ten Democrats voted against the bill on its passage, while 197 Democrats voted for it. As in the case when the bill passed at the preceding session of congress a majority of the Republicans were found against it, the party vote being 67 for and 78 opposed. Representative Berger of Wisconsin, the Socialist member, voted for it and Representative Alken of New York, who ranks as independent, voted against it.

NORTHWESTERN MEN'S PART

Nearly All Cast Their Votes Against
Agreement.

Washington, April 22.—Representative Hammond of Minnesota was one of the eleven Democrats who voted against the Canadian reciprocity agreement in the house. The Minnesotaan resisted all the demands made upon him by the Democratic leaders to stand in line for the bill reported favorably by the committee on ways and means, of which he is a member.

Representatives Davis, Voilestead, Steenerson and Lindbergh voted against the Canadian bill, as they did in the last congress. Representatives Stevens, Miller and Nye, consistent with the record they made on the subject a few months ago, voted for Canadian reciprocity.

Representative Sydney Anderson of the First district, the raw recruit in the delegation, voted against the agreement.

Representatives Martin and Burke of South Dakota and Hanna and Helgeson of North Dakota voted against the bill.

NEWS RECEIVED AT OTTAWA

Liberals Much Encouraged by Vote
of House on Reciprocity.

Ottawa, Ont., April 22.—News of the heavy majority given reciprocity at Washington was received with much satisfaction by the government and Liberal members who are supporting the measure here. The Canadian opponents of the pact are now placing their faith in the hope that the United States senate will long delay the bill or kill it.

"The vote at Washington will be a great aid to the Canadian friends of reciprocity," said a member of the Dominion government. "I expect to see the opposition at Ottawa collapse in the course of a few days."

Murder Is Suspected.

Des Moines, April 22.—Mrs. Frank J. Rogers, wife of a former postal clerk, was found dead in the bathroom of her home by her mother-in-law. A doctor was not called until two hours later. He reported to Police Captain Jackson that there were bruises and marks on the woman's body. The police are working on a theory that Rogers struck his wife and that this caused her death. Rogers was arrested.

SPLIT IN RANKS
AGAIN EVIDENTSenate Regulars and Progressives
in Serious Controversy.

TROUBLE OVER COMMITTEES

Co-Operation Between the Opposing
Factions During This Session of
Congress Appears to Be Impossible.
Regulars Positively Refuse to Recognize
the Progressives as a Political
and Official Entity in Work of
Senate.

Washington, April 22.—A state of chaos exists in the senate. The organization of that body is temporarily held up by certain demands for committee assignments made by Senators Cummins, La Follette and Clapp, speaking for the progressive element of the Republican party in the upper house.

The split in the Republican ranks in the senate, which was supposed to have been overcome at the recent party caucus, reappeared and it is acknowledged now that co-operation between the Republican progressives and regulars in the special session is next to impossible.

The situation presents a serious outlook for Republicans in the senate. It indicates a long controversy over committee assignments, an open revolt against the new Republican leadership in the senate and a prolongation of the special session.

An effort by the progressives to enforce their demands on the Republican organization in the matter of committee assignments has brought about the present crisis. The senate organization yielded in everything until the progressives insisted that precedents of years should be discarded and that they be allowed to name their own members for committee appointments. That was too much for the senate regulars, who outnumber the insurgents thirty-eight to twelve, and they have flatly declined to yield.

Meeting Ends in Row.

The break came at a meeting of the committee on committees which was appointed at the recent Republican caucus to make committee selections. The committee is composed of seven regulars and four progressives. After the progressive demand had been turned down the meeting ended in a row and since then the two wings of the committee have met in different rooms.

The clash came over a resolution offered in the committee on committees by Senator La Follette. This resolution proposed to recognize the twelve progressive Republican senators by name, as a class by themselves, and to concede to them one-fourth of all the committee assignments and the privilege to make their own committee selections from among their number.

Republican leaders declared that there was no objection to yielding to the progressives the full measure of committee recognition to which their numerical strength entitled them. In fact, it was agreed that they should have one-fourth of the appointments, although they were only twelve in number and there were fifty Republicans in the party caucus.

The regular leaders in the senate gave the progressives four places on the committee on committees, reserving seven for the conservatives. The progressives insisted that they be permitted to select the men from their number who should be named to the several committees.

Regular leaders say this would have amounted to a recognition of the twelve progressives as a political and official entity in the work of the senate distinct from either of the old party organizations. The regular leaders decided it would be a bad precedent to recognize this demand.

MRS. SCOTT AGAIN CHOSEN

Re-Elected President General of
Daughters of Revolution.

Washington, April 22.—Mrs. Matthew T. Scott of Illinois was declared re-elected president general of the Daughters of the American Revolution for the next two years. Of the 1,086 votes cast Mrs. Scott received 614, her opponent, Mrs. William C. Story of New York, 466 and six of the ballots were blank as to choice for president general. Tellers spent almost twenty-four hours in counting the vote.

With Mrs. Scott was elected the entire administration ticket, except one vice president general, who received ten votes less than the number necessary to elect, and for which position a new ballot will be taken.

When Mrs. Scott entered Continental hall after the vote had been announced, preceded down the center aisle by a dozen charming young pages and followed by a score more bearing great baskets and armfuls of American beauties, jonquils and other flowers, she was received with wild applause.

JOHN C. STUBBS.

Traffic Director of Harriman
Lines Proposes to Retire.

DISCUSSES HIS RETIREMENT

J. C. Stubbs Will Leave Harriman
Lines One Year Hence.

Chicago, April 22.—J. C. Stubbs, traffic director of the Harriman lines, discussing his retirement on his sixty-fifth birthday a year hence, said he was looking forward with much pleasure to the time when he will take up his residence on his farm near Ashland, O.

"When a man gets past sixty," said Mr. Stubbs in discussing his plans after retiring, "his judgment may be more mature, but he has lost his fight. By fight I do not mean ability to quarrel, but to fight the battle of life with the same energy and effectiveness that he fights when he is only fifty years old. Life is nothing but a battle anywhere. It is a fight from start to finish. Men grow strong fighting. What is it that makes the kite fly? It is the resistance of the air currents, and it is the obstacles a man meets and fights his way over that develop his character."

STARVING FAMILY
TAKES STRYCHNINETwo Dead and Two Others in
Chicago Hospital.

Chicago, April 22.—Fear of impending starvation caused a father and mother to administer strychnine to themselves and their two children, both under four years of age. The mother, Mrs. Honore Dziurget, and the older child, Joseph, are dead, and the father and baby are in a hospital, where it is said both will recover.

Neighbors, who heard moans coming from the Dziurget cottage, notified the police, who found the woman and boy dead and the others only partly conscious.

Dziurget, in the hospital, told of the poverty which followed his long illness and then related the desperate agreement with his wife that the two should poison themselves and their babies.

"With my last 25 cents," he said, "I bought the poison at a drug store. I took it home and my wife and I mixed it in the little milk we had left. The milk was the only food we had in the house. Some was given to the children, my wife drank some and I drank the remainder. There was not enough for me or I could have died with my wife and my boy."

"I stayed with my sick wife until all the money we had was gone. I could get nothing to do and we did not want to live and see the little ones suffer. We agreed it was better to die than to starve and see the children starve before our eyes."

Viterbo, Italy, April 22.—Of all the methods adopted by the Camorrist prisoners to excite sympathy or incite a riot, none surpassed in novelty and effectiveness that of Gaetano Esposito, who at the end of a mad harangue tore a glass eye from his head and, hurling it at the feet of the president, stamped the courtroom. Then he fell in a faint and President Bianchi suspended the sitting.

MANN'S PRAISE
OF DEMOCRATSMinority Leader Says They Have
Made Good Start.

FAIR TO THE REPUBLICANS.

G. O. P. Lost First Advantage by Too
Much Enthusiasm, Which United the
Opposition—Iowa Politics Mixed and
Position of Senator Kenyon Is Matter
of Interest.

By ARTHUR W. DUNN.

Washington, April 22.—[Special.]—The trouble with the Republicans seems to be that the Democrats are too easy with them. "I wish they would use the steam roller with more vigor," remarked Minority Leader Mann. "They are altogether too easy. But I must acknowledge that they are making a good start. That man Oscar Underwood is a mighty shrewd proposition, and he and the others who are leading are steering a commendably fair course."

That is quite a tribute from the leader of the opposition. Naturally the minority would like to see the majority adopt all kinds of harsh and drastic measures, but so far the Republicans have been offered all that they could reasonably expect. Then there is firmness shown at times.

"Take what we offer or get nothing," is about what the Democrats say to them, and the Republicans privately acknowledge that the offers have been so liberal that they would be unreasonable to refuse and force more drastic opposition.

Lost by Enthusiasm.

The Republicans lost the first advantage they had gained by too much enthusiasm, too much handclapping, stamping of feet and cheering. When the Democrats divided on the campaign contributions bill, having split over publishing primary expenses, the Republicans showed great glee and made a demonstration.

Then the Democrats got mad. The men who had split off couldn't stand the Republican jeers and cheers and in the parliamentary procedure following gave their party enough votes to win. It was not like a real good victory of the Democrats and showed a division they did not like and which would seem to prove the oft repeated assertion that the Democrats could not hold together long enough to accomplish results.

Mixed Iowa Politics.

Until Senator Elect Kenyon declares himself there will be a cloud over the situation in Iowa that cannot be cleared away. Kenyon is an appointee of the administration; ergo, he is an administration man. But he was elected by Senator Cummins, ergo again, he is a Cummins man. Ergo for a third time, he cannot be both an administration man and a Cummins man, a regular with the administration and an insurgent with Cummins. Those are some of the puzzling things which have been discussed since the election in Iowa.

And once more Lafe Young has gone to Iowa to stay a considerable spell. He liked the taste he had of the senatorship. A year from next June there will be a primary to determine who will succeed Kenyon. Young is going to spend about 365 days in the coming year trying to carry primary.

Young is a "Taft" man—that is, he was one of the Taft party that went to the Philippines. He thought he was the administration candidate for the senate in Iowa, but when Kenyon was elected administration men at once claimed it as their victory; hence Young went to Iowa not knowing where he was going to "get off" politically, but sure that he would get off at Des Moines and a great many other Iowa towns during the next year.

Sherley the Test.

"This will be the supreme test," remarked Congressman Sherley of Kentucky the first day he was called upon to preside over the house in committee of the whole. "If the Democrats can stand me for a few days it means that they are all right for the rest of the term."

And they not only stood him, but he made a very good presiding officer. There are men who think he is made of speakerish material in case anything should strike Champ Clark—presidential lightning, for instance.

Would Restrict Immigration.

If Senator Overman of North Carolina and Congressman Burnett of Alabama could have their way there would be a more stringent immigration law passed. Both are very anxious to make it more difficult for aliens to come to this country. They would increase the head tax and also draw the lines close enough to exclude many immigrants who are now admitted.

Henry and Littleton.

Congressman Henry of Texas tells this story of himself and Martin Littleton, who represents the Oyster Bay district of New York. "We were both in Texas together," said Henry, "and we both wanted to come to Washington. Finally Littleton left Texas and reached New York. How he ever got that far I don't know. I never got to Washington until the government paid my way."

"I think my wife paid my way," remarked Littleton.

The senior position will be filled by Professor Leon C. Marshall of the department of political economy.

MANY PETITION CONGRESS

Ask That Troops Be Withdrawn From
Mexican Border.

Washington, April 22.—Ninety thousand citizens of the United States petitioned congress to withdraw the troops from the Mexican border. It required three men to carry to the speaker's platform, when the house convened, huge bundles of petitions submitted by Victor Berger, the Socialist member from Wisconsin.

"What is all this?" asked Speaker Clark, in surprise.

Mr. Berger explained that the petitions had been received from residents of every state except Delaware and from every territory except Alaska. They declare that the presence of the troops is aiding in the suppression of what the petitioners believe to be a just struggle for liberty.

NEWSPAPER MENLorimer Man Says Affair Is
None of Public's Business.

Chicago, April 22.—Christian F. Weihe, secretary of the Edward Hines Lumber company, who boasted, according to testimony given by William Burgess of Duluth before the Helm investigating committee at Springfield, that he had given \$10,000 toward a fund to help elect William Lorimer to the United States senate, declared picturesquely that it was none of any one's business whether he had or had not given to such a fund. Much said by Mr. Weihe, who was talking over the telephone from his home, cannot be printed because of profanity which dotted his remarks.

"Have you read the stories of the Lorimer investigation?" Mr. Weihe, he was asked.

"What do you newspapers mean by printing such stuff and besmirching a man's character?" was the answer given.

"A man can work years building up his character and business and then you blast it because somebody wants to talk about him."

"Did you subscribe \$10,000 to a fund to elect Mr. Lorimer to the senate?"

"It's none of your business whether I did or did not," he shouted. "The newspapers of Chicago ought to be crucified. I'd like to shoot the whole bunch of newspaper men in Chicago."

WOULD KILL DOGS AND CATS

State Health Secretary of Iowa and
Doctor Propose Such Move.

Des Moines, April 22.—Secretary Sumner of the state board of health favors the destruction of all cats. Mrs. C. H. Sumner, state register of vital statistics, after a careful study of the influence of the feline in spreading disease, has reached the conclusion that the ordinary cat, next to the house fly, is one of the worst disease spreaders in existence.

Dr. T. W. Richardson, a prominent physician of Western Iowa, would exterminate the dogs, including family pets. He proposes a statewide war on dogs, insisting and staking his professional reputation that they constitute the greatest menace to the public health. He contends that in their hair and in their mouths they carry germs of almost all the diseases that afflict the human family.

Detroit, Mich., April 22.—D. K. De Hartier was shot through the head and killed on Lake St. Clair by a posse of Mount Clemens deputy sheriffs. The shooting occurred within a short distance of the cabin where De Hartier shot and seriously wounded Deputy Sheriff Matthews.

James A. Tawney Denies Alleged
"Wave of Populism."

Minneapolis, April 22.—Declaring that he was "trying to check the wave of populism that is running mad," and that William Howard Taft was equal to any of his predecessors in office, James A. Tawney, former representative from the first Minnesota district, took issue with the present political tendency, when speaking before the Young Men's Republican club.

He assailed the initiative and referendum, attacked the recall and declared that the Oregon plan for the election of United States senators just passed by the Minnesota legislature was unconstitutional and that it gave the minority the right of electing a United States senator from Minnesota. He intimated that the legislature was not all that it should have been and declared, with apologies to those members who were present, the fact that the legislature had passed the Keefe bill would not give the measure a great deal of weight with him, if he were governor.

Bryan Declares Martin Is Not the

Lincoln, Neb., April 22.—In the forthcoming issue of the Commoner W. J. Bryan makes a sharp attack on Senator Martin of Virginia and says his selection to the minority leadership of the senate is amazing. Mr. Bryan declares Senator Martin's record is "just about as bad as it could be and his selection not only stifles the party, but brings odium upon those who are responsible for his elevation."

He charges that Senator Martin is lacking in ability as speaker and says he will have to rely upon some one else to present arguments.

Madrid, April 22.—The government has received a telegram stating that a native has arrived at Tetuan, who declares that the Moroccan rebels have stormed Fez and massacred the garrison and that the sultan has taken refuge in the French consulate.

There is, however, no confirmation of the report obtainable here.

Team Kills Boy.

Lisbon, N. D., April 22.—Ralph McConnehey, the seventeen-year-old son of Rev. Mr. McConnehey of the Congregational church, was instantly killed here. He was breaking a team of colts. They attempted to run and he was thrown against a stump, striking directly over his heart. He was a student in the high school.

Farmers Using Better Methods.

Bismarck, N. D., April 22.—Seeding in the western part of the state is general and a large acreage is being put in. The noticeable feature of the work is that better farming methods are being employed by even the big farmers, most of them dragging as soon as the seed is in the ground with the idea of conserving the moisture, the assertion being made that there is almost enough now in the earth to insure a crop.

All Negotiations for Peace in
Mexico Are Called Off.

PLACE BLAME UPON MADERO

Government Envoys Receive Message

From Mexico City Saying Demands of Madero Were Such That They Could Not Be Entertained and Asking Them to Drop Negotiations—Envoys Declare the Rebel Leader Is Responsible.

El Paso, Tex., April 22.—All negotiations between the insurgents and the Mexican government were officially called off. Oscar Braniff and Esquivel Obregon, two congressmen from Mexico City, who have been trying to get Madero to accept some peace proposals, received a telegram just after they had sent a messenger under a flag of truce with a final appeal to the rebel leader to listen to their arguments.

The message was from Mexico City, although they refused to say who sent it. It informed them that the demands of Madero were such that they could not be entertained and asked them to drop negotiations. Already the two volunteer peace commissioners had practically given up hope and had issued a statement throwing the blame for failure on Madero.

Simultaneously with the receipt of the telegram from Mexico City the insurgent troops began to march out of the hills and canyons by the hundreds and move closer to Juarez, as if preparing for an attack, but it soon appeared that they were not hurrying into any real action.

Rebel Reinforcements Arrive.

The troops' movement proved to be Pancho Villa's command coming up from its camp in the mountains to take its position with the rest of the army.

Peace talk occupied the day in the rebel camp. In Juarez the federals, having nothing else to do, put in the time erecting more fortifications.

Madero's unvaried statement to reporters and correspondents was that nothing had developed to make him change his decision to open the battle. He busied himself receiving messages from the El Paso junta, visiting with his wife, who came from San Antonio, and receiving callers.

Messrs. Braniff and Obregon, peace commissioners, gave out a statement of their proposals for settling the trouble and declaring that Madero would be to blame for the consequences of the war, inasmuch as he could at present accept a compromise with good grace. They declare that they represent a "perfectly defined public sentiment" in Mexico.

Government Requests Facts Bearing
on Neutrality Question.

Washington, April 22.—The American government is seeking to collect expeditiously a complete report of all the facts bearing on the question of American neutrality in the recent border warfare of the Mexican revolution in order to be able to issue a prompt response to Mexico's representations. With that purpose in view the war department sent a second telegram to Colonel Shunk, commanding the troops at Douglas, Ariz., asking him to hurry his report on all the incidents affecting the United States in the battle of Agua Prieta.

CANTERBURY IS ACQUITTED

Former Minneapolis Fire Chief Not
Guilty of Grand Larceny.

Minneapolis, April 22.—James B. Canterbury, former fire chief of Minneapolis, was found not guilty of grand larceny in the first degree in the Hennepin county district court. Mr. Canterbury practically was carried out of the courthouse by his friends following the verdict, which was accompanied by loud cheering. The jury was out about four and one-half hours.

Mr. Canterbury was accused of purchasing a lot at University and First avenues southeast after he had learned that the city wanted a repair shop site for the fire department and had voted so in a committee meeting of which the fire chief was a part.

Pass Compensation Act.

Madison, Wis., April 22.—A brief debate preceded the final passage of the workmen's compensation bill in the assembly by a vote of 89 to 13. One Republican, Kay, voted with the Democrats against it. Kay objected only to the \$5,000 salary for the commissioners.

The house and contents belonging
to Fred Olson, superintendent of the
Stoner power plant at Deerwood is
reported to have burned on Thursday
evening. Mr. Olson had just com-
pleted his dwelling in the first addi-
tion to Deerwood and removed his
family from Brainerd and the blow
is thus a severe one to him. Mr. Ol-
son was formerly superintendent of
the Brainerd electric light plant.

Imperial Quartette Gives a Concert
at the Pequot Show Friday
Evening

The Imperial Quartette, of the city
went to Pequot yesterday and with
local talent assisted in making the
minstrel show at Pequot Friday eve-
ning a grand and unqualified success.
The members of the quartette, Messrs
John Bye, J. Albert Swanson, Robert
Crust and Alfred Mraz were assisted
by the Misses Mabel Smythe and
Ada Newgood.

Among the Brainerd people in at-
tendance were J. H. Johnson, W. W.
Bane, A. F. Halberg, C. O. Field, Miss
Jessie Crust, G. Small, Mrs. Onstine,
Mr. and Mrs. George A. McKinley,
G. S. Swanson, and others.

There was intermission at twelve
in the evening and all partook of a
bountiful supper served at the Hotel
Tanzer. A fine dance program was
given after the concert and 50
couples waltzed on the smooth floor
of the hall.

Clarence Heath, who formerly re-

tim of a peculiar accident at his
home in Hartford, Washington.
While out fishing and hunting with
a couple of friends they spent some
time shooting at a mark with a 38
caliber revolver.

In examining the gun one of them
discharged it in the direction of Mr.
Heath and the bullet lodged in the
back of his head behind his right ear.
Fortunately it was a glancing shot
and the injured man was laid up
about a week after a surgeon had
extracted the bullet.

Ingenious Spiders.

Spiders have a number of ingenious
ways of alluring and catching their
prey. A writer describes an American
spider which haunts evergreen trees
and snares its dinner by means of a
kind of lasso. The web of the spider
is triangular in form. Two corners of
the triangle are attached to twigs, but
the other corner, which ends in a sin-
gle thread, is held by the spider, perched
on a neighboring twig. When a fly
strikes the web the spider loosens his
hold, and the elastic threads instantly
entangle the victim.

TEACHERS MEETING
CLOSED TO-DAY

Prof. E. Quigley Delivered Interesting Address on Four-fifths of an Education

CO. SUPT. MRS. HARTLEY SPOKE

Former Supt. Wilson Given Handsome Ring by Teachers at Last Evening's Session

The 32nd semi-annual convention of the Crow Wing County Educational association finished its two days sessions this morning and those in attendance were well satisfied with the educational feast which had been provided for their benefit.

On Friday evening the program at the high school assembly room included a violin solo by D. B. Whitford, and Miss Jennie Myles played the piano accompaniment.

Prof. E. G. Quigley, of the College of Education, delivered an instructive address on "Four-fifths of an Education." The one-fifth which people in general desire and imagine, when they acquire it as being all the education necessary in this life, is book knowledge. There still remains four-fifths of an education to be acquired, without which no man can deem himself thoroughly educated in the true sense of the word.

In the first place one must have a proper physical basis, a sound mind in a sound body. Then one must gain the ability and constantly cultivate the talent to discover the truth. This in turn must be followed by the power to give expression to the truth as one has perceived it. And the whole education of the individual is crowned and made complete when one becomes so trained and educated as to gain the ability to apply the knowledge acquired in his dealings with his fellow man. His address was copiously illustrated by many examples from practical life.

The high school chorus sang several songs in a pleasing manner.

Supt. T. A. Erickson spoke along the lines of having a teacher fit herself to take up the new elements of an agricultural education.

One of the pleasant features of the evening was the presentation to former County Superintendent J. A. Wilson by the teachers of the county of a handsome gold signet ring on which was engraved the Masonic emblem of the Blue Lodge. The president of the society, R. R. Graham, of Deerwood, made the presentation speech and Mr. Wilson was taken completely by surprise. His voice shook with emotion as he gave utterance to his heartfelt thanks for the present which showed that the teachers of Crow Wing county have not forgotten their old superintendent. It was a most happy expression on the part of the teachers and the ring and the memory of that incident will always be treasured by Prof. Wilson.

This Saturday morning the session was opened with a song by Miss Hooper. Miss Moore spoke on the "Primary Class in Penmanship." Miss Adeline McMannis in her paper, "Busy Work in the School," gave a practical outline of the daily work in her school. Miss Moore spoke on the "Art in the Schools," tracing the development of this artistic movement. A song by Miss Hooper followed. County Superintendent Mrs. Irma Camp Hartley gave an impromptu address full of good advice to those present and thanked the teachers and officers for their attendance. She also answered numerous questions regarding the summer schools and other matters.

The teachers in attendance with the districts in which they teach included the following: Alice Gahagen, Crow Wing; Elsie English, No.

3; Jennie K. Nelson, No. 4; Helen Taylor, No. 5; Prof. R. R. Graham, principal Deerwood school; Misses Haydee Anderson and Dalia Wetzel, Deerwood; N. G. Deniston, Bay Lake; Dorothy Lyddon, No. 14; Maude Phelps, No. 15; Serrie Anderson, 16; Ada Dye, 17; Hazel Perry, 19; Florence Archibald, 26; Daisy Graham, 28; Floy Jeffers, 29; J. J. Wm. E. McGuffin, of Nott Co., of Minneapolis, Thanks Dispatch For Write-up

The Dispatch is in receipt of a letter from William E. McGuffin, the salesman of the W. S. Nott Co., wherein he expresses his thanks for the write-up given him. Mr. McGuffin, in competition with two other druggists, landed the contract for the supply of 500 feet of hose, each salesman being given ten minutes to address the council. Mr. McGuffin's stream of oratory was as irresistible as the water rushing through a line of his Patrol wax and gum treated hose and the council, drenched with his play of words, succumbed and surrendered.

And Mr. McGuffin, who does not forget favors, takes the Dispatch for a year.

Mr. Pastore, of the Pastoret-Lawrence Co., who landed the big sewer contracts in Northeast Brainerd and on Laurel street, also subscribes for the Dispatch and considers it a live daily for a town the size of Brainerd.

TOLTZ TURNS ON LIGHT

Between 7 and 10 A. M. Sunday the Toltz Engineering Co. Will Connect With Brainerd

Between the hours of seven and ten Sunday morning the Toltz Engineering Co. will connect with the Brainerd city wires and will then furnish all the electric power and light used in the city, supplanting the Northern Pacific railway shops which for a year have faithfully carried the entire city of Brainerd since the city's electric light plant was destroyed by fire.

The Toltz Engineering Co. has a large power plant at the corner of Laurel and Bluff near the N. P. railway tracks. The gas producer plant there installed is said to be the most modern in the United States and many engineers and scientists, business men and manufacturers have inspected the plant. Mr. Toltz has a ten year's contract to furnish Brainerd electric light and power and all hope his relations with the city will be pleasant and profitable.

SEC'Y LUDWIG'S
Y. M. C. A. REPORT

Annual Report of Association Work Done for Year Ending April 1911

THANKS GIVEN VICE PRES SLADE

Sec'y. Ludwig Suggests Building Addition to Hold Swimming Pool and Gymnasium

The following is the report of the general secretary for the year ending April 19, 1911.

To the members of the Brainerd R. Y. M. C. A.:

At the request of Mr. W. H. Day, International R. Y. M. C. A. secretary for this section of the country, I came here to take up the work of this association April 4th, 1910. As most of you remember the building was closed at that time. I found upon investigation that the association was in debt almost \$3,000. Since the buildings had not been closed very long I began my work here by trying to find out if possible why the work was not supported and why it went behind, with a view of forming an opinion as to whether it could be made a success if I were to remain as secretary. I also used the time in finding out what the prospective membership would like to have done that would please them better. Two things were suggested by the R. Y. M. C. A. 1st, that there be a larger representation of R. Y. M. C. A. men on the managing board and 2nd, that the boys be kept a little better under control and in their place, the objection being that the boys were only paying half as much for their membership tickets and having more privileges. As a result of these suggestions at the delayed annual meeting which was held last June, R. Y. M. C. A. men were elected to fill the vacancies on the board of directors, our president, Mr. Crust being one of those newly elected. The new board was willing that for a trial at least the membership be limited to the senior membership only. Arrangements were finally made to open the building June 1st and instructions were given the secretary to employ an assistant. Through Mr. Day, Mr. C. W. Warren was secured. During the month of June the shop was running full time and with full force of men. The Y. M. C. A. prospered well and the outlook was very bright for the future. We all know too well of the lay-off and cut-down that came on July 1st. The immediate result upon the Y. M. C. A. was that it was almost impossible to get anyone to take a membership ticket for about six weeks. It looked very much as though the Y. M. C. A. would have to close its doors again. About this time Mr. Geo. T. Slade, third vice president of the N. P. came to our assistance by granting us the privilege of deductions from the men's checks for the payments for membership privileges. Mr. Warren and I found a great many who were willing to pay for their membership tickets by the deduction plan at the rate of \$1.25 per month. I fully believe that this deduction business has meant more to the Association this year than any other one thing.

At the opening of the fall work Mr. Day again visited us and gave our committees some very helpful advice. While Mr. Day was here he was given some data regarding the expenses of carrying on the work here and on leaving he paid a visit to Mr. Slade and asked him for free electric light current for our building. It was very graciously granted thus cutting down the expenses of the association from \$150 to \$200 a year. We cannot be too thankful for the help that the R. R. company is giving us for they are giving us almost

\$5 for every \$5 that the employees of the company pay for membership tickets. I doubt whether we can reasonably ask any more.

Mr. Warren left us about the middle of September and in his place Mr. Steely was secured as assistant secretary and physical director. The membership gradually came up as the colder weather came on until it reached 250, double the number that we had at the re-opening June 1st. The Sunday afternoon meetings for men were begun in October and in November the only educational class that we were able to get started, a class in English for those speaking a foreign language. Gymnasium classes were also started in October by Mr. Steely.

Perhaps the event of the year to the membership and also the association as a whole was the carnival held January 19-21. The carnival was quite a success in many ways. A large number took part in it, the entertaining features were pronounced good by those who attended, and it was quite successful financially. The funds received from it were used to remodel and repair the main floor of the building. The funds were not quite sufficient to do all the re-papering so at the instigation of Mr. McKay a number of the members gave 25 cents each to finish the job. The whole carnival and its results must be credited to the willingness of the members to make the association more home-like and pleasant. Too much cannot be said of the influence of the changes that have been made.

In addition to the changes that have been made on the main floor the W. C. T. U. and the Christian Endeavor Union have given us enough money to fix up two nice furnished rooms for renting to young men who are away from home. These two rooms when rented regularly will bring in almost as much as our fuel bill each year. From this we can see something of the value of these two rooms. There is room upstairs for six more that is practically dead space at the present time. We hope to make it all produce a revenue soon. A vote of thanks is due to the two organizations that have made these two rooms possible.

Because of the way the shops have been working, I am told that this has been one of the duller years financially for some time. The association has stood it very well considering these things and the fact that the building had been closed for a few months. At the present time \$189.13 worth of bills have been voted paid that we do not have the money to pay with. Our expenses will drop off a great deal this month and for the months between now and fall so that I expect that by the time our heavy winter expenses come on again we will be even again. When we consider the improvements that have been made I believe that we can say that we are about even if not a little to the good on the year. To the best of my knowledge the indebtedness of the association June 1st, 1910, still unpaid is \$2,687.82.

The Northern Pacific library association library was transferred to the Y. M. C. A. on the 4th of March and gives the members the advantage of good selection of good reading matter.

I believe that with the greatly improved start that we have for this coming year that we ought to look ahead to a larger and better Y. M. C. A. for Brainerd. I would suggest that we plan definitely as goals to work forward to the paying off of the debt and the getting an addition to the building with a swimming pool and gymnasium.

Respectfully submitted,
E. L. LUDWIG,
General Secretary.

REBUILD TELEPHONE SYSTEM

Pequot System is Soon to be Built to Better Serve its Numerous Subscribers

C. O. Field, the wire chief of the Northwestern Telephone Exchange Co., at Brainerd, was in Pequot on Friday and made a thorough examination of the system with the view of rebuilding and improving the Pequot exchange.

Subscribers have increased and the lines have been so busy that it has been found necessary to enlarge the exchange and to give Pequot the best and most modern system possible.

STORK BEATS TRAIN TO CITY

Baby Boy Born to Mrs. Walter Lake on Train Enroute to Minneapolis Yesterday

Just as Great Northern Train No. 4 pulled into Minneapolis yesterday from the west a baby boy was born to Mrs. Walter C. Lake, one of the passengers, en route from Leeds, N. D. to Minneapolis.

Because the train stopped only for a few minutes in Minneapolis, Mr. Lake, the father of the new baby, was informed that his wife could not be removed from the train, but must be carried on to St. Paul. As soon as she reached this city the ambulance was summoned and mother and baby were taken to the City hospital, where they are both doing well.

Walter C. Lake is a farm laborer who lived until about two weeks ago at Brainerd, Minn. Then he moved to North Dakota, but on hearing of work at New Richmond, Wis., he started East. His railway transportation read as far as Minneapolis.

Lake has two other children, a little boy of 3 years and a baby girl of 2 years. M. L. Hutchins of the Relief society sent Lake and his two children to the Bethel hotel, giving them free rooms there until Lake finds work and a place to house the children.—St. Paul Pioneer Press.

GO TO THE RESCUE

Don't Wait Till it's Too Late—Follow the Example of a Brainerd Citizen

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning.

Look out for urinary trouble—diabetes.

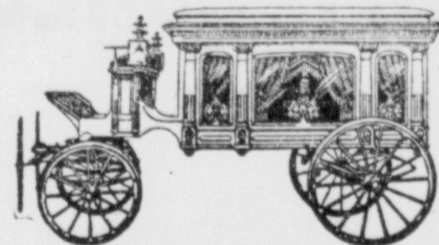

This Brainerd citizen will show you how to go to the rescue.

Thomas Sizeland, 827 S. Seventh Street, Brainerd, Minn., says: "About two years ago I obtained a supply of Doan's Kidney Pills from H. P. Dunn's drug store, as I was suffering acutely from pains across my hips, especially severe when I stooped or got up after sitting. My kidneys were disordered and their secretions contained sediment. I also had dull, headaches and dizzy spells and was hardly able to attend to my work. Before I had finished the contents of one box of Doan's Kidney Pills, I was relieved so greatly that I publicly endorsed them. I can still speak highly of this remedy and I take pleasure in doing so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

3 MILLION ORANGES HERE

Another Big "SUNKIST" Sale Lasting All Next Week, Begins Monday, Apr. 24

The biggest lot of oranges that ever came to this city has just arrived—THREE MILLION of them. They arrived by special Fast Freight direct from the big "Sunkist" fruit groves of California. They are the "Sunkist" brand, famed for their delicious flavor and health-giving properties. Each local fruit dealer is laying in a liberal supply of "Sunkists" and on next Monday morning all dealers will put on a Special "Sunkist" Orange Sale, lasting throughout the week.

California's Finest Oranges

"Sunkists" are California's most luscious oranges—the choicest of each of 5,000 California Orange Farmers. They pack all their perfect oranges under the one name, "Sunkist," and ship them by special fast freight the day they are picked.

The "Sunkist" is a tree-ripened orange, seedless and fibreless—never pithy—every "Sunkist" is firm, solid and sound.

It is picked by a gloved hand. No orange that falls to the ground or becomes bruised or damaged in any way, ever bears the "Sunkist" name.

How to Serve Them

Oranges are the most appetizing and nourishing food you can serve—at breakfast—in the sick-room—between meals—in salads, ices, sherbets and puddings.

There is no limit to the number of excellent dishes of which "Sunkist" oranges form the basis.

Buy a box of "Sunkist" oranges and your fruit dealer will make you a special price. You will find no trouble in keeping them as long as you want to, because "Sunkists" reach you in excellent condition.

Physicians Advise Them

Leading physicians say that to counteract the effect of meat and other heavy foods we eat, one should eat oranges liberally. It is a universally known fact that orange juice is an excellent food for the brain cells and a tonic for run down nerves. No better laxative than sound, ripe "Sunkist" oranges can be found.

Cost No More Than Common Oranges

"Sunkist" oranges are cheapest to buy because they are thin-skinned, fibreless and seedless. They are nearly all food and no waste. You lose money if you buy pithy, seedy, thick-skinned oranges.

Free Premiums for "Sunkist" Wrappers

The "Sunkist" orange always comes in a "Sunkist" tissue paper wrapper that protects the oranges and retains all their tree ripened flavor. This name on the wrapper means you are buying, at a reasonable price, the finest orange of all.

"Sunkist" wrappers should be kept and sent to us to secure, free, a set of genuine Rogers Orange Spoons, Dessert Spoons and Fruit Knives. The patterns are new 1911 styles, designed exclusively for us. They are as attractive and stylish as money can buy. All are Rogers quality, standard A-No. 1 plate and are fully guaranteed by the makers, Wm. Rogers & Sons. No advertising appears on any of our premiums.

Read on the right the description of these valuable premiums and how to get them.

"Sunkist" Lemons

The better grade of lemons are now packed in "Sunkist" wrappers. By calling for "Sunkist" lemons, you avoid the kind that are thick-skinned, pithy and insipid. "Sunkist" lemons contain 50 per cent more juice than any other lemons. "Sunkist" lemon wrappers are accepted by our premium department.
